

Atlantis Outdoor Cabinetry Wins Prestigious Vesta Award

Atlantis Outdoor Cabinetry was awarded the prestigious 2005 Vesta Award at the recent Hearth, Patio, Barbeque EXPO held in Atlanta, GA. The Vesta Award recognizes innovation and design creativity in the hearth and outdoor room industries.

Specifically designed to be used in outdoor environments and able to stand up to any type of weather, Atlantis Outdoor Cabinetry is the first cabinetry of its type to combine the function and features of kitchen cabinetry with the durability of outdoor furniture. Made of extremely durable "Perma-Panel" polymer material, Atlantis is unaffected by rain, snow, sleet – or any other type of weather, and is perfect for the patio, deck or pool area.

Atlantis Outdoor Cabinetry is available in a broad variety of colors, door styles, including Teak and Cypress, and cabinet configurations to accommodate any size grill, side burner or sink. Base and wall cabinets include fully adjustable shelves and convenience features previously only found in kitchen cabinetry.
