Storage Solutions by Medallion Cabinetry

Elements™ - Storage Solutions by Medallion Cabinetry

Elements is a comprehensive line of storage solutions that proves beauty and intelligence can co-exist harmoniously. With hundreds of intelligent storage solution combinations, Elements gives the options needed to create a space that works.

Some of the items in Elements Storage Solutions include:

- Base pantry cabinet with full height butt doors (BPC, Spec Book Section 400(pictured front, top))
- New full height blind corner base with full access pull-out, non-slip shelving (BBCSOS, Spec Book Section 400)
- New full height door waste container base cabinets (BFH_ _WB, Spec Book Section 400(pictured front, right))
- New drawer organizer inserts with integrated bottom. 12 new sizes with hundreds of combination options. (DOTA_ _I, Spec Book Section 900(pictured below))
- Corner Cabinet with Drawers (DBSCB, Spec Book Section 400)
- 18" wide pull-out waste container with two waste bins (B18DWB, Spec Book Section 400)
- Tilt out hamper base cabinet (HVB21TH, Spec Book Section 600)
- Stainless steel tilt-out sink front tray. Replaces previous plastic version, offered in eight sizes with improved hinging hardware. (TDT, Spec Book Section 900)
- Drawer peg bottom with post storage dividers (IPEG_ _T, Spec Book Section 900(pictured front, left))
- Under sink pull-out storage racks (KIT-SUP_ , Spec Book Section 900)

These items along with other storage solutions can be found throughout Medallion's Specification books.
